CAREKAKI

WHO CARES FOR THE CAREGIVER

Presented by :
GGBond

PROBLEM

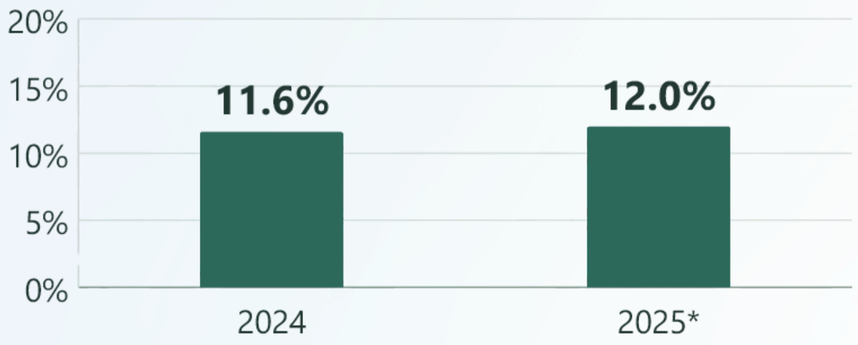

- Caregivers burn out, with no time to rest
- Reliable respite care is hard to find and verify
- Local services (nursing, equipment) are scattered

WHY CAREKAKI MATTER IN MALAYSIA

Malaysia is ageing

Population aged 60+ (% of total)

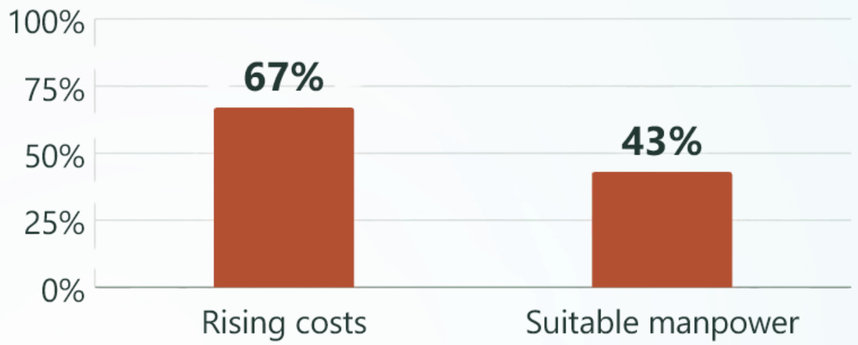

2036: projected to exceed 15% aged 60+

*2025 preliminary estimate. DOSM, 2025.

SMEs face cost and staffing pressure

Share of 415 SME respondents, H1 2026

General SME survey, not specific to care agencies.

Sources: DOSM, Current Population Estimates 2025, p.24; Labour Force Survey Q4 2024, p.29.
